JOIN NATIONAL CONSULTATIVE MEETING FOR RECHARGE PAKISTAN PROJECT
15TH September 2021

Recharge Pakistan is a flagship project of Ministry of Climate Change (MoCC) and Ministry of Water Resources (O/o CEA/CFFC) being implemented through World Wide Fund (WWF)- Pakistan this project intends to implement Natural Solutions with the initial funding support of Green Climate Fund (GCF). It aims to identify potential sites for Floodplain and Hill Torrent management in order to store extra flood water, river the adjoining wetlands, recharge ground water aquifers and provide social and economic benefits to the local community. In this regard, FFC in collaboration with MoCC/WWF organized a National consultative Meeting on Monday, 15th September 2021 in the Committee Room of O/o CEA/CFFC.
